

Husqvarna DM 340

Powerful electric core drill for use with stand. DM 340 is the perfect choice for medium and heavy core drilling where high production rates are needed, especially with large diameter core bits. Recommended diameter up to 400 mm. The motor is very easy to operate with several ergonomic features facilitating drilling and set up. Suitable for water evacuation, ventilation, angle drilling and stitch drilling.

DRILL WITH MAXIMUM PRESSURE

A LED indicator shows the load of the machine, allowing you to always drill at maximum pressure.

EASY START WITH REDUCED SPEED

To facilitate making a starter hole, speed is reduced by half using the Smart Start® button.

OVERLOAD PROTECTION

Increases productivity and extends service life.

DURABLE AND ERGONOMIC DESIGN

Durable and shock-proof, designed to protect the electronics. Easy to carry and install thanks to low weight and ergonomic design.

Features Husqvarna DM 340

- The water-cooled 3-speed gearbox provides both long service intervals and optimal drilling performance.
- The LED indicator shows the load of the machine, allowing the operator to always drill at maximum pressure, for best performance.
- The machine uses pulsation to warn you of an approaching overload. This increases productivity and extends product life.
- An electronic current limiter for soft starts with normal fuses. This gives you a smooth start with high productivity.

TECHNICAL DATA	
Power	3300 W
Speeds	3
Spindle speed full load low speed	240/540/930rpm
Rated output, W	1750/1850 W
Spindle speed idle low speed	300/660/1140rpm
Max drill bit diameter, stand	400 mm / 16 inch
Spindle thread, outer	1 1/4" 7UNC
UNC water coupling	G 1/4"
Weight	14 kg / 31 lbs
Sound pressure	98 dB(A)
Sound level	105 dB(A)
