

# PRO DRAIN SYSTEM

## Easy Installation

Construction Plug shapes grout and keeps the drain clean and free of debris.

Square shape means easy straight tile cuts  
No circle cuts!

## Contemporary Style

Frameless Design  
Creates a seamless transition with nothing between the Drain Cover and grout. This results in a clean contemporary style.

No ugly screws!

## Easy Access

Corner holes are threaded for the Drain Cover Remover.

Screw the Remover into a corner hole until the Cover disengages. Then remove.

## Easy Maintenance

Smooth interior surfaces with no internal supports make the Riser easy to clean and maintain.

Ebbe Hair Trap catches hair and debris before it clogs your drain. Simply remove and replace as needed.

No Fuss, No Mess, No Hassle!

Drain Cover Remover

Superior Design
