## **1** Identification

- · Product identifier
- Trade name: W&S Quick Water Clear Knifegrade
- Article number: 1025212
- · Application of the substance / the mixture Polyester resin
- Details of the supplier of the safety data sheet • Manufacturer/Supplier:
- Company Name: Axson USA, Inc.

Headquarters: 31200 Stephenson Hwy Madison Heights, MI 48071 USA

ehs-us@axson.com

- · Information department: Product safety department
- Emergency telephone number: During normal opening times: +1(248) 588-2270 Chemtec 24-hour Emergency: +1 (800) 424-9300

#### **3** Composition/information on ingredients

· Chemical characterization: Mixtures

• Description: Mixture of the substances listed below with nonhazardous additions.

(Contd. on page 3)

Printing date 07/06/2015

Reviewed on 07/06/2015

Trade name: W&S Quick Water Clear Knifegrade

(Contd. of page 2)

25-50%

· Dangerous components:

100-42-5 Styrene

## 4 First-aid measures

· Description of first aid measures

• General information:

Symptoms of poisoning may even occur after several hours; therefore medical observation for at least 48 hours after the accident.

- · After inhalation: Supply fresh air; consult doctor in case of complaints.
- · After skin contact: Immediately rinse with water.
- · After eye contact: Rinse opened eye for several minutes under running water.
- · After swallowing: Immediately call a doctor.
- · Information for doctor:
- Most important symptoms and effects, both acute and delayed No further relevant information available.
- $\cdot$  Indication of any immediate medical attention and special treatment needed
- No further relevant information available.

#### **5** Fire-fighting measures

- · Extinguishing media
- · Suitable extinguishing agents: CO2, sand, extinguishing powder. Do not use water.
- · For safety reasons unsuitable extinguishing agents: Water with full jet
- Special hazards arising from the substance or mixture No further relevant information available.
- · Advice for firefighters
- · Protective equipment: No special measures required.

## 6 Accidental release measures

- **Personal precautions, protective equipment and emergency procedures** Wear protective equipment. Keep unprotected persons away.
- Environmental precautions:
- Do not allow product to reach sewage system or any water course. Inform respective authorities in case of seepage into water course or sewage system. Do not allow to enter sewers/ surface or ground water.
- Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose contaminated material as waste according to item 13. Ensure adequate ventilation. Do not flush with water or aqueous cleansing agents
- Reference to other sections
   See Section 7 for information on safe handling.
   See Section 8 for information on personal protection equipment.
   See Section 13 for disposal information.

## 7 Handling and storage

#### · Handling:

· Precautions for safe handling

Ensure good ventilation/exhaustion at the workplace.

(Contd. on page 4)

USA

Printing date 07/06/2015

Reviewed on 07/06/2015

#### Trade name: W&S Quick Water Clear Knifegrade

(Contd. of page 3)

Open and handle receptacle with care.
Prevent formation of aerosols.
Information about protection against explosions and fires: Keep ignition sources away - Do not smoke.
Protect from heat.
Protect against electrostatic charges.
Keep respiratory protective device available.

· Conditions for safe storage, including any incompatibilities

· Storage:

· Requirements to be met by storerooms and receptacles: No special requirements.

· Information about storage in one common storage facility: Not required.

• Further information about storage conditions: Keep receptacle tightly sealed. Protect from heat and direct sunlight.

· Specific end use(s) No further relevant information available.

## 8 Exposure controls/personal protection

· Additional in	· Additional information about design of technical systems: No further data; see item 7.		
· Control para	meters		
· Components	with limit values that require monitoring at the workplace:		
100-42-5 Sty			
ACGIH TLV	Short-term value: 170 at 40 ppm mg/m <sup>3</sup>		
	Long-term value: 85 at 20 ppm mg/m <sup>3</sup>		
OSHA PEL	Short-term value: 170 at 40 ppm mg/m <sup>3</sup> Long-term value: 85 at 20 ppm mg/m <sup>3</sup> Long-term value: 100 ppm mg/m <sup>3</sup> Ceiling limit value: 200 ppm mg/m <sup>3</sup>		
	<i>Ceiling limit value: 200 ppm mg/m<sup>3</sup></i>		

• Additional information: The lists that were valid during the creation were used as basis.

#### · Exposure controls

- · Personal protective equipment:
- · General protective and hygienic measures:

Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing. Wash hands before breaks and at the end of work. Store protective clothing separately.

• Breathing equipment:

In case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use respiratory protective device that is independent of circulating air.

• Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation • Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

## Safety Data Sheet acc. to OSHA HCS

Printing date 07/06/2015

Reviewed on 07/06/2015

## Trade name: W&S Quick Water Clear Knifegrade

· Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

· Eye protection:

Tightly sealed goggles

Information on basic physical and chemical properties		
General Information		
Appearance:		
Form:	Paste	
Color:	Clear	
Odor:	Aromatic	
Odour threshold:	Not determined.	
pH-value:	Not determined.	
Change in condition		
Melting point/Melting range:	Undetermined.	
Boiling point/Boiling range:	145 °C (293 °F)	
Flash point:	31 °C (88 °F)	
Flammability (solid, gaseous):	Not applicable.	
Ignition temperature:	490 °C (914 °F)	
Decomposition temperature:	Not determined.	
Auto igniting:	Product is not selfigniting.	
Danger of explosion:	Product is not explosive. However, formation of explosive air/vapo mixtures are possible.	
Explosion limits:		
Lower:	0.9 Vol %	
Upper:	6.8 Vol %	
Vapor pressure at 20 °C (68 °F):	6 hPa (5 mm Hg)	
Density at 20 °C (68 °F):	1.15 g/cm <sup>3</sup> (9.597 lbs/gal)	
Relative density	Not determined.	
Vapour density	Not determined.	
Evaporation rate	Not determined.	
· Solubility in / Miscibility with		
Water:	Not miscible or difficult to mix.	
· Partition coefficient (n-octanol/water): Not determined.		
Viscosity:

## 10 Stability and reactivity

· Reactivity

· Chemical stability

- Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.
- · Possibility of hazardous reactions No dangerous reactions known.
- · Conditions to avoid No further relevant information available.
- · Incompatible materials: No further relevant information available.
- · Hazardous decomposition products: No dangerous decomposition products known.

## **11 Toxicological information**

#### · Information on toxicological effects

· Acute toxicity:

#### · LD/LC50 values that are relevant for classification:

100-42-5 Styrene		
Oral	LD50	316 mg/kg (mouse)
		2650 mg/kg (rat)
Dermal	LD50	>2000 mg/kg (rat)
Inhalative	LC50/4 h	316 mg/kg (mouse) 2650 mg/kg (rat) >2000 mg/kg (rat) 11.8 mg/l (rat)

#### · Primary irritant effect:

• on the skin: No irritant effect.

- on the eye: No irritating effect.
- Sensitization: No sensitizing effects known.
- · Additional toxicological information:

The product shows the following dangers according to internally approved calculation methods for preparations: Harmful

Irritant

Carcinogenic.

#### · Carcinogenic categories

· IARC (In	ternational Agency for Research on Cancer)	
64-17-5	ethanol	1
136-52-7	cobalt bis(2-ethylhexanoate)	28
108-10-1	4-methylpentan-2-one	2B

## **12 Ecological information**

- · Toxicity
- Aquatic toxicity: No further relevant information available.
- *Persistence and degradability No further relevant information available.*
- · Behavior in environmental systems:
- · Bioaccumulative potential No further relevant information available.
- $\cdot$  **Mobility in soil** No further relevant information available.
- · Additional ecological information:
- · General notes:
- Water hazard class 1 (Self-assessment): slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

- · Results of PBT and vPvB assessment
- · **PBT:** Not applicable.
- **vPvB:** Not applicable.
- · Other adverse effects No further relevant information available.

# **13 Disposal considerations**

- Waste treatment methods
- **Recommendation:**

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

- · Uncleaned packagings:
- · Recommendation: Disposal must be made according to official regulations.
