

# New Accessories for Schluter®-KERDI-LINE-VARIO

Schluter-Systems is expanding the KERDI-LINE-VARIO family with two optional accessories designed to make installation and maintenance even easier. The **KERDI-LINE-VARIO Strainer** and **KERDI-LINE-VARIO Grate Guards** provide practical solutions that enhance performance, simplify installation, and help protect the system over time.

## KERDI-LINE-VARIO Strainer

The strainer fits directly inside the KERDI-LINE-VARIO channel opening to trap hair and debris before it enters the drainpipe, helping to prevent blockages downstream.

### Key Benefits

- ✓ Catches hair and debris before it enters the drainpipe
- ✓ Helps prevent downstream blockages
- ✓ Simple drop-in accessory, sold individually

## KERDI-LINE-VARIO Grate Guards

The grate guards are a set of two protective blocks inserted into both ends of the channel, ensuring the grate stays in place and shielding the waterproofing from sharp grate edges.

### Key Benefits

- ✓ Allows for grate and channel installation before wall tile
- ✓ Keeps grate securely in place and prevents it from slipping under the wall tile
- ✓ Protects waterproofing layer from damage by grate edges
- ✓ Supplied in pairs for use at both ends of the channel

### KERDI-LINE-VARIO Strainer

| KERDI-LINE-VARIO |           |
|------------------|-----------|
| Strainer         |           |
| Item No.         | \$ / Unit |
| KLV-STR1         | 5.93      |

### KERDI-LINE-VARIO Grate Guards

| KERDI-LINE-VARIO |           |              |
|------------------|-----------|--------------|
