

TOWABLE MORTAR MIXER

**THE HSM 12** is a 12 cu ft towable mortar mixer. This mixer can mix mortars, stuccos and grouts with ease. Gearbox design offers more transmission of power to the paddles while also being extra quiet. The unit has forklift pockets as well allowing you to use it anyway you want to.

- **POWER**  
Choose from Honda GX-390 11.7 hp or Leeson 1.5 hp 120 V electric motor.
- **GEARBOX**  
The design of the gearbox allows for more power to be transferred from the engine to the paddles, giving you the best mix possible.
- **TOWABLE**  
This unit comes equipped with a tow bar and wheels and is ready for highway towing upon delivery.

**HSM 12**
