04

We only use the best materials for the best systems

01 Waterproof

The blue XPS core is 100 % waterproof and still functions if it becomes damaged.

02 Stable

The cement-coated surface forms an incredibly strong and stable base for adhesive thanks to the integrated fabric.

03 Heat insulating

All of our building board systems provide fantastic insulation, save energy costs and provide long term protection against mould and fungus.

04 abP*, CE, VOC, ETA

These approvals verify that wedi products are tested sealing systems for wet rooms, and due to their A+ labelling, they also indicate their non-hazardous and low-emissions design – according to both German as well as European regulations and laws.

For maximum safety with shorter installation times, simply use wedi 610 for the watertight sealing of the butt joints of the basic wedi building board material. Along with the joint reinforcement tape.

* abP (Allgemeines bauaufsichtliches Prüfzeugnis)
German General Building Inspection Certificate for tile
and board coverings, also in areas which bear heavy loads

wedi Sanoasa benches 1 – 3

Comfort means something different to each person. The feeling of quiet and relaxation when sitting in the shower, though, is a very pleasant experience for everyone. wedi Sanoasa benches provide plenty of space to relax and pamper your body in comfort.

wedi Sanoasa corner seat

Fine detail with a strong impact. The new corner seat in a pure triangular shape is available in two sizes and invites you to a relaxing wellness break in the shower.

Very strong: handles
loads up to 150 kg

wedi niches

wedi niche solutions are practical but at the same time aesthetically pleasing. Their spacious design highlights their luxurious character in the bathroom and also provides convenient shelf space. Particularly in small guest bathrooms, they offer extra space for a variety of shower components or personal decorative touches.

100% waterproof XPS core

Easily integrated in the
wedi standard range

Different sizes

wedi cavity dowels set

Everything you need for fixing once the tiling is complete. With the cavity dowel set, bathroom accessories such as mirrors, soap dispensers and towel rails can be attached quickly and easily.

wedi fixings set

For a secure hold underneath the tiles. Heavy objects, such as fittings and glass doors, can be attached securely with the mounting set. Depending on the load, the larger or smaller reinforcing plate contained in the set can be used. The plate is easily integrated into a suitable recess in the wedi structural panel with wedi 610 adhesive sealant.

Stable composite material
in two sizes
